

INCLUSION NETWORK

We are looking for volunteers to run a new and exciting project which at the moment is known as the inclusion network.

The general role of the network is to create a more inclusive workplace, and this might be linked to all or any of the following (please note this list is in no particular order and is not exhaustive):

- Lesbian, Bisexual, Gay, Transgender and Non-Binary +
- Ethnic and Cultural Diversity
- Religion and Belief
- Neurodiversity and disability

Where inclusion networks have been launched in other organisations, the members have:

- ✓ Been involved with reviewing and updating policies and procedures
- ✓ Raised awareness i.e. events, website, social media and newsletter updates
- ✓ Attended regular meetings to share experiences and support each other (a safe space)
- ✓ Tackled discrimination in the workplace
- ✓ Provided support and advocacy for colleagues facing challenges in the workplace

The inclusion network is just the starting point, as each group will have different experiences and challenges and so if you are interested in this exciting opportunity to get things started then please get in touch via

mail@newdirectionsupport.com.
